Hospital staff celebrate the new 3D machine

Pictured are (from left) Patti Darst (Radiology Tech/Mammographer), Peggy Rouleau (MD, Radiologist), Desiree Weets (RN, Radiology), Trina Storck (RN, Director of imaging Services).

CMH unveils new 3D mammography machine

We have installed a new state-of-the-art mammography machine. The Hologic Selenia 6000 Tomosynthesis Mammography machine is part of the Selenia Dimensions system, and offers better comfort and accuracy for patients.

While conventional mammograms take a single picture of the breast in two directions, digital tomosynthesis (3D) captures multiple X-ray images of each breast from different angles. The breast is positioned in the machine just as it would be in a traditional mammogram, but less pressure is applied due to the ergonomic design.

Powered by C-View™ software, the Genius 3D MAMMOGRAPHY™ exam is low-dose and clinically superior. Trina Storck, RN, Director of Imaging Services at CMH, says the new breast cancer screening machine produces a “more in-depth, detailed image.”

The system’s Genius 3D MAMMOGRAPHY™ exam provides a 41% increase in invasive breast cancer detection compared to traditional 2D mammography, and up to a 40% decrease in false-positive recalls.

According to CMH radiologist Peggy Rouleau, MD, “Better sensitivity with digital tomosynthesis will decrease patient recalls and lead to more lives saved from screening mammography.” The system has truly revolutionized the mammography screening process. **CMH**

Advanced Wound Clinic OPEN HOUSE THURSDAY, OCT 19, 2017, 3 to 6pm

CMH invites the community to attend our Advanced Wound Clinic Open House. We are opening the clinic in partnership with Healogics, a Florida-based organization that offers comprehensive wound care at 800 hospitals across 46 states.

If you’re coping with a wound that isn’t healing, or that is unresponsive to traditional treatment, CMH’s new Advanced Wound Clinic can provide relief. We are pleased to announce that the new clinic will also include two hyperbaric oxygen chambers.

Attend the Open House to learn how we can treat a variety of healing complications.

New Director of Surgical Services and Specialty Clinic

Community Memorial Hospital welcomes Jacque Volk, RN, as Director of Surgical Services and Specialty Clinic. Before joining the staff at

CMH, she worked at Essentia Health in Sandstone, Augustana Mercy Health Care Center in Moose Lake and Community Memorial Hospital a number of years ago in the Medical-Surgical Department.

A graduate of Wrenshall High

School, Volk earned an associate's degree in nursing from Hibbing Community College and a bachelor of science in nursing from the College of St. Scholastica. **CMH**

New Director of Imaging Services

A warm welcome to our new Director of Imaging Services, Trina Storck, RN. A seasoned CMH employee, Storck has worked in various departments and roles, most recently in Interventional Radiology for the last five years. Her career background also

includes experience at Lakewalk Surgery in Duluth.

After graduating from Proctor High School, Storck received a bachelor of science degree in business administration from the University of Wisconsin-Superior, with a

concentration in corporate health management. She earned her RN degree from Lake Superior College. **CMH**

CMH commits to sourcing local and sustainable produce

The Riverside Café serves local produce sourced sustainably from seed to fork.

Community Memorial Hospital is pleased to announce our partnership with sustainability organization Greener Fields Together. Our new hospitality partner will help CMH in our effort to support local farmers, source fresh produce and promote healthy living.

“This is a national movement involving producers, distributors and providers,” says CMH Director of Nutrition Services Pat McCoy. “It gives us a means to provide customers with produce that protects the environment and consumers through safe practices and processes to ensure quality.”

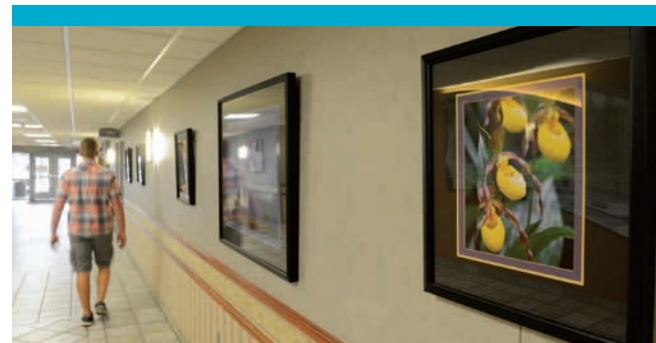

In addition to sourcing local fruits and vegetables, the hospital has also introduced compostable containers for use at the Riverside Café. **CMH**

■ CMH AUXILIARY

CMH offers complimentary hand massages to patients, residents and caregivers

Trained through our Occupational Therapy Department, all Hand Massage Volunteers are equipped with proper hand massage techniques. The gentle massages take place in patients’ rooms, making the experience all the more calming in what can sometimes be a stressful environment.

CMH is currently offering the free service 2-4 times a month, with the hope of featuring free hand massages on a weekly basis. **If you are interested in becoming a Hand Massage Volunteer, please contact Volunteer Coordinator Jennifer Stay at jstay@cloquethospital.com or 218-879-4641 (ext. 7142).** **CMH**

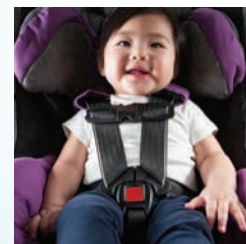

Retired physician donates nature photographs to CMH

Dana Malkovich, MD, has generously donated his nature photographs to CMH. Before his retirement, Dr. Malkovich worked as a family medicine physician at Raiter Clinic, and the immersive images he’s captured allow him to continue touching patients’ lives. **CMH**
