Purpose:

In accordance with its Community Care Program, Community Memorial Hospital will provide uncompensated health care to patients that are determined to be unable to pay for services. This policy shall be applied in accordance with established procedures and no patient shall be denied uncompensated health care based upon race, creed, color, sex, national origin, or any other prejudice.

I. Eligibility

All inpatient and outpatient accounts are eligible for uncompensated care.

Note: *Elective services or procedures are not eligible for the Community Care Program.*

Patient's eligibility will be based on the following information:

A. The application includes:

1. Income from all sources for individuals responsible for this obligation.
 - a. List gross income for the most recent three month period.
 - b. Listing of savings and checking accounts, certificates of deposit, stocks, and bonds.
 - c. A copy of the most recent federal income tax return or W-2 forms.
 - d. A copy of most recent statements for savings and checking accounts, certificates of deposit, stocks and bond accounts.
 - e. A copy of the letter of denial for Medical Assistance or be currently eligible for Medical Assistance.

B. All third party resources and non-hospital financial aid programs, including public assistance available through state Medicaid programs, must be exhausted before benefits can be requested.

C. Eligibility will be determined by comparing applicant's income to the Income Eligibility Guidelines.

II. Program Administration

The Hospital's Community Care Program will be administered according to the following guidelines:

- A. The application information will be reviewed and verified by Business Office personnel.
- B. After reviewing income, Business Office personnel will determine if the patient/guarantor qualifies for benefits based on income and asset guidelines.
- C. The patient/guarantor will be notified in writing of the eligibility determination.
- D. Falsification of application or refusal to cooperate will result in denial of benefits.
- E. The Hospital reserves the right to change benefit determination if the recipient's financial circumstances have changed.

NOTE

Community Memorial Hospital may add criteria of its own to the above, which will allow additional persons to be eligible for uncompensated services.

Excessive medical expenses or other expenses beyond the control of the patient/guarantor would represent acceptable criteria for exceptions to this policy. Such criterion is considered by the facility when in the view of hospital management, payment and/or a deferred payment plan would create undue hardship.
